# About Gloucestershire Wildlife Trust

Founded in 1961 by conservation pioneer Sir Peter Scott, we've been at the forefront of wildlife conservation, habitat restoration and species protection in Gloucestershire ever since.

Our bold 2030 Strategy sets out our vision...

*...for a natural world in recovery, where nature-based solutions are tackling the climate crisis, and everyone inspired to take action for wildlife*

...and our three key goals

Stopping and reversing wildlife declines

More people taking action for nature

Normalising natural solutions to climate change

# Fact sheet: Gloucestershire Wildlife Trust

We've gone from strength to strength  
since 1961:

28,000 members

46 nature reserves

500 active volunteers

10 Nature Recovery Zones

## Our values

1

We are champions for wildlife- passionate and pioneering for nature's recovery

2

We are rooted in our communities- making nature inclusive

3

We are caring colleagues- supportive and honest
