

Greystones

wildlife • farming • history

Greystones is a unique place where you can explore 6,000 years of wildlife, farming and history.

Discovery trails

Our signposted trails will help you make the most of your visit.

There's plenty to discover along the way. What will you find?

Paws for wildlife

Please keep your dog on a lead around livestock, and between March and July to protect wildlife

Wildflower Meadows

best in summer

Key

- Wildlife Walk and Time-Travel Trail routes
- Wildlife Walk special summer section (closed in the winter)
- Wildflower meadow
- Remains of Iron Age town walls and ditches
- Private house

Plan your visit

Discovery Barn to Roundhouse	Wildlife Walk (summer route)	Wildlife Walk (all-year route)	Time-Travel Trail
260 metres 10 – 25 minutes	2 km One hour	1.3 km Less than one hour	2.1 km More than one hour

The trails are mainly on level ground and consist of footpaths, grass paths and rough tracks. Some sections may be muddy at times. Livestock may occasionally graze close to paths.
