

Welcome to WilderGlos!

Welcome to the first evet WilderGlos newsletter! Together we hope that our small actions can add up to make a big difference in supporting wildlife in Gloucestershire, as well as helping you to reduce your carbon footprint. We've loved receiving your photo submissions for the visit a GWT nature reserve activity, this one was taken in Woorgreens. If you haven't already, submit yours and we'll feature them on our new 'community' page.

Help to increase the people's nature reserve

It's very important to let areas of our gardens or green spaces grow wild to encourage more wildlife. That's why we've created the <u>grow a wild</u> <u>patch activity</u>. Simply submit how many square metres of garden you've left to grow wild, along with your postcode, and we'll add this to our map so you can track the progress your community is making. So far, we have 109 square metres of land growing wild. Can you help us add to this?

Green Points equal prizes!

Green Points aren't just a measure of your sustainability efforts - they'll help you win prizes too! Each month we'll be giving 5 x <u>gift packs</u> and 1 x free GWT membership to those who have earned the most Green Points. You'll also compete as part of your community, with the top performing team winning a prize at the end of the first 6 months. <u>View your spot on the</u> <u>leader board here.</u>

Actions to take now

We've launched our own campaign to coincide with the COP26 conference that's been taking place in Glasgow over the last 2 weeks. Watch our 'What is COP' video to get you started and then take the quiz or watch our handy week 1 round up video to keep up to date with decisions being made. Head to the platform now to get involved.
